SOLICITATION NO. 110054DC

AMENDMENT NO. 5

CONTACT: Karen D. Ingram

SOLICITATION DUE DATE: February 24, 2011

SIGNED COPY OF THIS AMENDMENT MUST BE RETURNED WITH YOUR BID SOLICITATION.

THIS SOLICITATION IS AMENDED AS FOLLOWS:

inmates based on an agreed upon schedule between the Department and the contractor. Once a confirmed and agreed upon loading schedule is finalized a contract amendment will be prepared by Procurement Services."

To: Answer: While the beginning of Fiscal year 2013 is July 1, 2012, all facility loading will be in accordance with Section 2.9.17.1 Initial Loading: "The Department will load inmates based on an agreed upon schedule between the Department and the contractor. Once a confirmed and agreed upon loading schedule is finalized a contract amendment will be prepared by Procurement Services." In addition, the end date for phase 2 is April 2015.

The following questions have been submitted by vendors in which the Department is providing the following responses.

1. **Section 2.15.2 of the Scope of Work:** This section states that "The contract facility shall comply with design and construction standards as specified in the Physical Plan[t] Standards Technical manual, **or as may be approved by the Department.**" It appears that there is an opportunity to present deviations so long as they are approved by the Department. If an offeror can demonstrate an enhancement to the physical plant standard, how should they be presented in the proposal?

ADC Answer: There are no deviations allowed from the Physical Plant Standards. Please see change to Section 2.15.2 at the beginning of this amendment.

2. **Section 2.13.11 of the Scope of Work:** In order to meet the Department's goal of achieving 50% inmate participation in programs and employment in year one of operations and 100% of the population within two years, what is the anticipated dollar amount for WIPP to cover inmate employment for year one and year two?

ADC Answer: WIPP funding is commensurate with established work and programming opportunities at the facility. In accordance with Department Order 903, Inmate Work Activities, in the event of WIPP budget shortfalls a reduction in inmate pay shall be imposed in lieu of a reduction in workforce.

3. **In response to Question #28 in amendment 4** regarding whether it is mandated to offer an ACI at each 1,000 bed facility, the Department stated that "Pursuit of such third party Inmate Work Contracts is required." To clarify, is it the Department's intent to have 30,000 sq. ft. of space for ACIO at a 3,000 bed facility?

ADC Answer: Per the Physical Plant Standards (Physical Plant Standards Technical Manual, Section 3.2.5.1), 10,000 sq. ft. of ACI space is required for each 1,000 bed unit. Therefore, a 3,000 bed facility would require 30,000 sq. ft. of space for ACI.
